

MITEL

8568 Telephone

Ultimate Technology – Professional Productivity

Compatible with the Mitel 5000 Communications Platform (CP), the new Mitel 8568 Telephone is perfect for users who require efficient call processing capabilities. This powerful digital telephone features a six line x 16 character display with eight menu-driven softkeys, which intuitively guide users through system features and capabilities. The ideal small or medium business phone, the 8568 Telephone has a large message waiting lamp in the upper right hand corner that is visible from all angles, 16 programmable keys with LED indication and 10 function keys that allow one-touch operation for the most commonly used telephony functions or settings. Equipped with both speakerphone capability and a dedicated headset jack, the 8568 Telephone is designed to enhance productivity.

Unified Communications Support

When used with Mitel Unified Communicator® (UC) Express or Mitel Unified Communicator® (UC) Advanced Release 3.0 applications, the 8568 Telephone becomes a powerful communications tool that helps customers streamline communications between people and organizations. This leads to improved productivity, enhanced customer service, reduced costs, and ultimately, improved business process integration.

Scalable Functionality

The 8568 Telephone integrates with the Mitel Programmable Key Module (PKM) 12 and Mitel Programmable Key Module (PKM) 48 for easy addition of quick access function keys.

8568 Telephone with PKM48
